Established in Erbil

5

Company-owned branches

ANC Logistics was founded in Erbil in summer 2020 as Aspi Nawaza Company. Our name means “unique horse,” and our work connects businesses in China with the UAE and Iraq, including the Kurdistan Region.

ANC began in partnership with Zebra Company in Shenzhen, China. It later merged with Koyoto Company, a logistics business founded in Yiwu in 2006 that specialises in sea freight from China to Iraq.

ANC owns all five branches in Foshan, Yiwu, Sharjah, Erbil and Sulaymaniyah. Every branch facility is managed and operated directly by ANC, not by agents. You deal with our own teams across China, the UAE and Iraq. Foshan handles air and sea freight; Yiwu handles sea freight only.

Our team of around 50 professionals brings over 20 years of combined experience in logistics and supply chain management, particularly across the China-UAE-Iraq trade corridor.

Our Mission

To be present, available and responsive to our customers, with clear communication and reliable support at every stage of their cargo movement journey.

Our Vision

To be the trusted logistics partner connecting China, the UAE, Iraq and the Kurdistan Region, recognised for dependable service, local expertise and lasting customer relationships.

Our expertise

SIX SERVICES. ONE OPERATING FLOW.

Our services include procurement support, freight forwarding, customs clearance, and warehouse-to-warehouse and door-to-door delivery. We began full container load services to the UAE in 2023 and expanded into full UAE operations in summer 2025.

We believe good logistics starts with being available. Our teams focus on clear communication, practical answers and responsive support, from the first enquiry through delivery.

01

Procurement

Supplier evaluation, purchasing coordination, secure supplier payment arrangements, inspection and cargo photo updates in China.

02

Warehousing

Receiving, storage, repacking and consolidation in Foshan and Yiwu, supported by warehouse management technology.

03

Ocean freight

Sea shipments from Foshan and Yiwu, with supervised loading and coordinated full-container and consolidated departures.

04

Air freight

Priority cargo, samples and urgent stock routed by air from Foshan into Iraq and the UAE.

05

Customs & paperwork

Clearance, documents and insurance support for sea, land and air freight.

06

Final delivery

Door-to-door coordination through ANC teams in the UAE, Iraq and the Kurdistan Region.

Contact the warehouse before delivery.

Attach the shipping mark and packing list. Deliveries without either will not be accepted.

Write your assigned customer shipping mark on the outer cartons (format: DBxxx).

Contact the branch for the complete warehouse address and receiving instructions before your supplier sends goods. Registered clients can also find warehouse addresses in China and Iraq in the ANC app.
